PATENT OVERSTRUNG GRANDS,
And SQUARE PIANOS
Are now considered the best PIANOS manufactured.
Opinion of nearly all the greatest and most prominent Musicians and artists regarding these instruments.
The undersigned, having personally examined and practically tested the Improvement in Grand Pianos invented by H.
STEINWAY, in which the covered strings are overstrung above those remaining do hereby certify:
1. That as a result of the said improvement the voice of the Piano is greatly improved in quality, quantity, and power.
2. The sound by Steinway's improvement is much more even, less harsh, stronger, and much better prolonged than that realised in any other Piano with which we are acquainted.
3. The undersigned regard the improvement of Mr. Steinway as most novel, ingenious, and important. No Piano of similar construction has ever been known or used, so far as the undersigned know or believe.
